NEW YORK, July 28, 2026 – BrightSpire Capital, Inc. (NYSE: BRSP) (“BrightSpire Capital” or the “Company”) today announced its financial results for the second quarter 2026 and certain updates. The Company reported second quarter 2026 GAAP net loss attributable to common stockholders of (\$18.3) million, or (\$0.15) per share, Distributable Earnings of \$15.8 million, or \$0.12 per share, and Adjusted Distributable Earnings of \$16.8 million, or \$0.13 per share. Michael J. Mazzei, Chief Executive Officer, commented, “The Company had a productive second quarter. Highlights include the largest quarterly share buyback in the Company’s history, positive net loan originations and net reduction in watch list exposure. We also entered into a contract for the sale of one of our triple net lease assets, providing another meaningful step in rotating capital out of owned real estate equity investments and into our core strategy of first mortgage loans.”

Andrew E. Witt, President & Chief Operating Officer, commented, “We had a strong quarter of loan originations with \$319 million of committed capital closed and an additional \$295 million closed or in-execution subsequent to quarter end. As of today our loan book stands at approximately \$2.9 billion, up over 20% year-over-year. We expect to continue growing the portfolio and remain focused on resolving our remaining REO properties and redeploying the capital to drive earnings growth.”
